MEMORANDUM

TO: School Health and Nutrition Program Sponsors

FROM: Mary Szafranski, Deputy Associate Superintendent
Arizona Department of Education, Health and Nutrition Services

Kacey Frey, NSLP Health Program Director
Arizona Department of Education, School Health and Nutrition Programs

DATE: April 23, 2007

SUBJECT: Post Implementation Survey of the Arizona Nutrition Standards

Original Signed

The Arizona Department of Education (ADE) is committed to school wellness and assisting all Local Education Agencies (LEAs) in operating their Child Nutrition Programs and implementing the Arizona Nutrition Standards (ANS). Therefore, we are pleased to release a survey to all LEAs to determine how the implementation of the ANS has affected your district and what, if any, changes would assist you in implementing the ANS. The goal of this survey is to gather results on what changes of the ANS would assist you in implementing the standards while still maintaining the integrity of the nutrition standards. Most importantly, we must continue to follow the guidelines set forth in the law; specifically, the standards cannot exceed the 2005 Dietary Guidelines.

Please complete the Post Implementation Survey of the ANS and return via mail or fax by 5:00 pm May 7, 2007. Surveys received after this deadline will not be considered.

Fax Number: (602) 542-1531

Mailing Address: Arizona Department of Education
Attn: Kacey Frey
1535 W. Jefferson Street Bin #7
Phoenix, AZ 85007

Surveys will be scanned to provide ADE with a summary of results; therefore, when completing the survey it is important that each bubble is filled in completely. Please avoid using check marks or X marks over the bubble. This will ensure that each survey is read completely and accurately.

The ADE thanks you for taking the time to respond and provide the department with this valuable information. If you have a comment or suggestion that the survey does not address please feel free to email Kacey Frey at kacey.frey@azed.gov. For any questions please contact your assigned specialist at (602) 542-8700.

This institution is an equal opportunity provider.
